DISPERSING SOLDIERS

RUSSIAN ARTILLERY FIRING UP.
ON THE DISCONTENTED
TROOPS AT MOSCOW.

WANTS MINISTRY TO RESIGN

CONSERVATIVE CENTRIST PARTY
HAS JOINED IN THE POP.
ULAR CHORUS.

London, June 25.—The Times' correspondent at Moscow says that intermittent firing of field guns and distinctive volleys was heard Sunday night outside of the town of Khodina Plain. It was impossible to secure details, but, the correspondent says, it is believed that an enormous meeting of discontented soldiers of the Moscow garrison was being dispersed by artillery.

JOINS IN THE CHORUS.
Conservative Centrist Party Wants Ministry to Resign.

St. Petersburg, June 25.—The Conservative Centrist party in the council of the empire, organized recently with the purpose of attempting to supplant the Goremikin ministry by a cabinet chosen from the Octoberists, the Democratic reform and the Constitutional Democratic party, have joined in the chorus demanding the resignation of the cabinet. M. Yermoloff, formerly minister of agriculture, has given out an interview saying the present situation is impossible and that it is evident that if the actual ministry can do nothing for the pacification of the country it should be replaced by a cabinet in which the more moderate elements of parliament are given places. The situation, M. Yermoloff adds, is so tense that any attempt of the administration to array itself in open opposition to parliament can result only in calamity and disaster.

M. Yermoloff has nothing but honeyed words for parliament, which, though containing revolutionary elements, he says, is the true representation of the sentiment of the country and evidently he is laying wires and working for a connection between the majorities of the two houses of parliament under a responsible ministry. He is thought to have his eye on his old portfolio in such a cabinet.

Although M. Yermoloff and his party in the programme just published adhere to nominal opposition to the general principle of expropriation, they concede the necessity of satisfying the

Land Hunger of the Peasantry and adopting the idea of the creation of local commissions for the solution of the problem in accordance with local needs, thereby endorsing the principle upon which all factions in the lower house—the Constitutionals, Democrats, the Group of Toil, the Poles and the Conservatives—are trying to concentrate. With regard to the Jews, M. Yermoloff believes the Semite question can be settled by abolishment of the pale and the granting of equal rights to Jews, but he favors certain restrictions in the purchase of land by Jews, holding that it is necessary to regard the sentiment of the Russian masses, which will be alarmed unless this is done.

M. Yermoloff laughed at reports of dismissal of parliament, which he said would be not only fatuous, but fatal to the court sections. He expressed confidence that the government would soon be striving to effect an understanding with parliament.

Should the sentiment of the Centrist party be formally accepted by the council of the empire, it would be impossible for Emperor Nicholas to disregard it.

There are indications that Premier Goremikin is wearying of his position, but the retirement of the cabinet is apparently not a matter of the immediate future, and reports published that the ministers all wish to resign, but that the emperor cannot decide to accept their resignations, are untrue. Nothing is further from the thoughts of the majority of the ministers than voluntary abandonment of their portfolios.

The reports of the parliamentary commission and Minister of the Interior Stolypin's representative, M. Frisch, on the conditions at Bialystok have borne prompt fruit. General Bader, who as governor general and commandant of the troops was accused of laxity in restoring order, having been supplanted by General Bogiaeffsky; the resignation of Governor Kister of Grodno has been accepted and the slated promotion of M. Schaermak is said to have been abandoned.

Embroidery Classes

Owing to the fact that our embroidery classes have increased to such sizes that we cannot accommodate them all at one time, we find it necessary to give them more time. Beginning tomorrow we will have two sessions of the classes. We ask as many as can do so, to come out in the morning from 9 'til 11 o'clock. We will also instruct from 2 to 4 o'clock in the afternoon for the benefit of those who find this hour more convenient.

We trust that this will meet your convenience. We had nearly fifty at work last week and we were unable to care for all as we wish to, although we had two instructors.

A Special Bargain The choice of either of our Brainerd souvenir pillows (the library pillow or the scenic pillow) which sell for 65c and 10 skeins of silk which sell for 40c will be offered Tuesday at 85c

Husband and Wife Drowned.

Washington, June 25.—While Edward R. Salbach and his wife were out canoeing on the Potomac river their boat upset and both were drowned. Salbach was a clerk in the water department.

SOUDANESE DEFEATED.

Three Hundred and Fifty of Them Killed.

Cairo, June 25.—Three hundred and fifty Soudanese were killed and one hundred captured by the punitive expedition sent from El Obeid to relieve the garrison at Tolodi, which was attacked by native tribesmen early in June, resulting in the loss of forty Egyptians killed. No losses were sustained by the expedition. It is supposed the attack on the garrison at Tolodi was due to the resentment of the tribesmen at the establishment of a government post in their midst.

Amateur Balloonist Injured.

Peoria, Ill., June 25.—Miss Letta Allsworth, twenty-five years old, an amateur balloonist, made an ascension in this city, fell 100 feet from a parachute, landing on a rock pile and received internal injuries which are expected to prove fatal.

TROUBLE IN PANAMA

LIBERALS AND POLICEMEN OF THE ISTHMIAN CITY ENGAGE IN FATAL FIGHT.

ONE KILLED AND TEN HURT

FURTHER FIGHTING MAY OCCUR UNLESS UNITED STATES MARINES ARE LANDED.

Panama, June 25.—The elections here were orderly with the exception of a few free fights, which were without serious results, until late in the afternoon, when a clash took place between Liberals and policemen who were protecting ballot boxes at Santa Ana park. Nine policemen and Jose Antonio Paredes, a member of one of the best families in Panama, were badly wounded, and one Liberal was killed. Forty armed policemen restored order, but it is believed serious fighting may take place yet unless

marines are landed from the United States cruiser Marblehead.

Governor Magoon and Captain George R. Shanton, chief of police in the canal zone, were prominent at all places during the day and their presence undoubtedly prevented much trouble.

No disturbances have been reported at other places.

The Constitutional party was victorious in Panama City and the provinces of Cocle, Veragua and Chiriqui.

BRIDGE COLLAPSES.

Wisconsin Man Has a Narrow Escape From Death.

Spokane, Wash., June 25.—One of the Howard street bridges over the Spokane river, 150 yards east of the main falls, collapsed shortly after a street car had passed over it. John P. Beem, a commercial traveler from Honey Creek, Wis., was carried down in the wreck, but his clothing caught, suspending him on the brink of the upper falls. He was removed unhurt. No person was injured.

Yellow Fever in Louisiana.

New Orleans, June 25.—One case of yellow fever is reported at the Mississippi river quarantine station, ninety-seven miles below New Orleans. This is the first case of yellow fever reported in Louisiana this year by the state board of health. The patient is a Cuban sailor.

KILLS A GIRL AND HIMSELF.

New Jersey Man Commits Murder and Suicide.

New York, June 25.—A double tragedy has occurred at the village of Amity, near Morristown, N. J. Freeman Longcore sought to persuade Rose Colly to go riding with him. She refused and he is then said to have threatened her. Subsequently he set fire to the house in which she lived. The girl was trying to save some of her effects when Longcore killed her. Neighbors arrived on the scene just after the shooting. Longcore fled with the crowd in pursuit and being cornered killed himself.

FIVE PERSONS DROWNED.

Victims of Squalls That Met in Raritan Bay.

Red Bank, N. J., June 25.—One of the boats overturned and sunk in Raritan bay Saturday afternoon when two squalls met in the bay and wrought havoc to small craft, was the two-masted schooner Emma Handrix, from Perth Amboy for Red Bank, with a load of coal. She was caught off Port Monmouth and upset. Captain Morris Brown and his son, William, twelve years of age, were drowned, as was Champion Scott of Fair Haven, who was Captain Brown's helper.

Another schooner sunk was the Buena Vista, Captain Theodore Wilson, who, with his helper, was drowned.

Weather

Forecast—Rain and colder.

The state drainage league will meet at Wadena tomorrow and the session is liable to be a very interesting one.

The credit for the first mention of Hon. A. L. Cole as a man who could be nominated and elected governor of Minnesota belongs to the Pillager Leader, although a score of papers are now claiming that honor.

The Anoka Herald sizes the situation up and says: "The independent voter is all right as a desirable citizen, but when he uses this cloak to hide his bolting tendencies, his grafting tendencies and his general cussedness he is all wrong."

DAN GUNN seems to have the call on the senatorial nomination in his district, which is pleasing news to his friends in this section. The newspaper friends of the Grand Rapids hotel man picked his candidacy as soon as his name was mentioned and made practically impossible for him to resist the temptation.

The press of the seventh judicial district is speaking very kindly of M. D. Taylor as the successor of Judge Searles on the district bench. It is not thought that Judge Searles will regain health sufficiently to allow of his taking up the arduous work of the bench after the present term and St. Cloud seems to be conceded one of the two judges.

HALDER BOEN wants to run for congress again in the Seventh district but he thinks the state has no right to compel him to put up a fee of \$25 with the secretary of state in order to get his name on the ticket, and also that the idea of having to file a petition of a certain percent of the voters of his party is unconstitutional and he will make a test case of the matter.

THE democrats are talking of endorsing Attorney General Young at their September convention. Mr. Young doesn't need their endorsement and as an exchange remarks it would not add 500 votes to his majority in November. The democrats, however, are playing a policy game and would like to add votes to the Johnson column in pay for their endorsement, but the sop will not have the effect that is hoped for. If Johnson is banking on republican votes to elect him this fall it would be wise for the party convention to endorse the entire republican ticket, it would shorten

the agony and save lots of unnecessary work on their part.

Not a Single Arrest Made Circus Day Or Sunday—No Gambling Allowed On the Grounds

Chief McGovern states that there was not a single arrest made either Saturday or Sunday. It is something unusual for a circus day to pass without arrests, if not for disorderly conduct, for gambling or confidence games, but Mr. McGovern states that there was a single complaint made to him, nor did he or his men see any signs of such work. It speaks well, not only for Gollmar Bros. circus but for the city of Brainerd, that the record should be so clear. There were several extra men put on as a precaution but the regular force could have handled everything that came up.

CHANGE NAME OF THE COMPANY

The Northern Pacific Express Company to be Northern Express Company.

CHANGE TO BE MADE JULY FIRST

Officers are Same as Those of Old Company—Object of Change Unknown.

At midnight, June 30th, 1906, the business of the Northern Pacific Express company will be taken over by the Northern Express company. The officers of the new company, with the exception of the president, whose name does not appear in the circular sent out, are the same as those of the present organization. The money order business will be continued in the name of the Northern Pacific Express company until the various offices are supplied with the blanks of the new company.

Local officials are entirely at loss as to the cause or meaning of the new move, some believing it the forerunner of a consolidation with the Great Northern Express company. Others think the move is to save the company from finding itself in the awkward position of the Pennsylvania road regarding the ownership of corporations in other lines of business.

ANSWERS EVERY CALL.

Brainerd People Have Found That This Is True.

A cold, a strain, a sudden wrench, A little cause may hurt the kidneys. Spells of backache often follow, Or some irregularity of the urine. A certain remedy for such attacks, A medicine that answers every call, Is Doan's Kidney Pills, a true specific. Many Brainerd people rely on it. Here is Brainerd proof.

Mrs. L. Peterson, wife of L. Peterson, janitor of the Columbian block, Brainerd, Minn., says: "I have given Doan's Kidney Pills a thorough trial and believe that this remedy is the most reliable preparation that exists for kidney trouble. I used to suffer from constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I decided to try Doan's Kidney Pills and got a box at H. P. Dunn & Co.'s drug store. After using a few doses I felt better and in a few days the pain and other symptoms of kidney trouble disappeared. I believe that Doan's Kidney Pills have given me a new lease of life, and am so confident that this remedy will do the same in all cases of kidney trouble that I am advising every sufferer I meet to use it."

PITCHED BATTLE FOUGHT.

Hungarians From Cleveland and Lorain Clash.

Lorain, O., June 25.—A pitched battle was fought at a park here between several hundred Hungarians from Lorain and Cleveland, who were holding a reunion and picnic. A fight started from some unknown cause and the forces from the two cities formed opposing lines and struggled for nearly an hour for supremacy. Beer bottles, clubs, knives and blisses were used and when the fight was over it was found that scores of the contestants were injured.

Three of the Hungarians from Cleveland were so badly hurt that they are not expected to recover. They were brought to Cleveland hospital.

Arrested on Murder Charge.

Connellsville, Pa., June 25.—Michael Comatz, a Slav, has been arrested on the charge of murdering Thomas Berley and Robert Collins, Uniontown bricklayers, in a quarrel Saturday night. Comatz was arrested on suspicion and is said to have confessed that he beat the men with a rail.

FOR WOMEN ONLY.

There are good and substantial reasons why intelligent people and physicians as well, employ Dr. Pierce's Favorite Prescription for the cure of diseases and weakness peculiar to women. In the first place, it is not a cure-all, serving only a singleness of purpose, being a specific for one class of diseases only—those peculiar weaknesses and maladies incident to women. Besides it is the only medicine put up for sale through druggists for the cure of such maladies, all the ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies for the ailments for which "Favorite Prescription" is advised. All this will be learned to the reader's full satisfaction by perusing a booklet of extracts compiled by Doctor Pierce from standard authorities of the several schools of practice, and which will be sent free to any address on request for same, mailed to Dr. R. V. Pierce, Buffalo, N. Y.

In the second place, Dr. Pierce's Favorite Prescription is the only medicine for woman's peculiar weaknesses and affections, all the ingredients of which are printed upon the bottle wrapper in plain English, so that all who take it may know exactly what they are using. A further reason for the unprecedented popularity of the "Favorite Prescription" of Dr. Pierce for the special use of women, is to be found in the fact that it contains not a drop of alcohol—pure, triple-refined glycerine, of proper strength, being used instead, both for extracting and preserving the medicinal principles extracted from such roots of native, medicinal, forest plants as are employed in its make-up. The printed formula will also bear witness that it contains no narcotics or other harmful or habit-forming drugs, being entirely made up of glyceric extracts of native, American plants of marvelous efficacy in the cure of the diseases peculiar to women.

Now, in this connection, it is well to bear in mind, that, curious as it may seem, yet it is a fact that Dr. Pierce's Favorite Prescription is the only medicine for the cure of women's peculiar weaknesses and maladies that does not contain alcohol and that too in large quantities. This fact can be easily proven; and yet it is a fact well known to all the best physicians that alcohol, even in small quantities, when long continued is very harmful, and especially so to weak, invalid, nervous women. While the effect of spirituous wines and liquors, sold under various enticing names may at first be to exhilarate, brace-up and unduly support the system for a brief time, yet a reaction comes sooner or later and the patient is worse off than before. Besides, a craving for alcoholic stimulants has gradually fastened itself upon the poor, deluded suffering woman, the malady generally more to be dreaded than the original affliction.

Furthermore, Dr. Pierce's Favorite Prescription has a record of cures extending over a period exceeding one-third of a century and embracing more genuine cases of full and complete recovery than any other medicine in its line can boast of. Thousands have been saved from the operating table and the surgeon's knife by the use of this marvelously efficacious specific for woman's ailments. Other thousands have escaped the disagreeable ordeal of the doctors' questionings, and offensive examinations by taking this remedy and being cured in the privacy of their homes. It has cured thousands of bad, obstinate cases in which doctors had failed and in which cures were thought to be impossible by the medical profession.

What it has done for others it will no doubt, do for you, if similarly afflicted, and you give it a good, fair and faithful trial.

In favor of Dr. Pierce's Favorite Prescription being regarded as above the secret patent medicines of our time, is the

frank, confiding open, honest statement of its full composition, giving every ingredient in plain English, without fear of success to criticism and with confidence that the good sense of afflicted women will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when making use of this medicine.

If suffering from backache, sideache, periodical headaches and other recurring pains at more or less regular intervals, disagreeable drains as if from pelvic catarrh, sickening sensations, dizziness at times, monthly headaches, irregularities, bearing-down or dragging-down sensations in the lower abdomen or any of the many kindred distressful and painful symptoms which accompany female weaknesses, then you cannot find any remedy quite so perfectly adapted for the cure of your malady as Dr. Pierce's Favorite Prescription. Bear in mind, it is not a secret nostrum, is not a patent medicine, and is not the work of an intelligent people object because of the close secrecy with which the formula of such medicines are held, and which, no doubt, are many times harmful in the long run, especially as all those for women contain large quantities of alcohol and of times other objectionable ingredients. The only wise and safe course is to use only medicines of known composition, and which, like Dr. Pierce's Favorite Prescription, contain no alcohol or harmful habit-forming drugs.

The exact proportion of the several ingredients used in Dr. Pierce's medicines, as well as the working formula and peculiar processes, apparatus and appliances employed in their manufacture, and withheld from public view, that Dr. Pierce's proprietary rights may not be infringed and trespassed upon by unprincipled imitators and those who may be piratically inclined. For weak stomachs and the consequent indigestion or dyspepsia, and the multitude of various diseases of the stomach, no medicine can be better suited as a curative agent than Dr. Pierce's Golden Medical Discovery. The Golden Seal root, Stone root, Maniok root and Black Cherry bark, entering into its composition are all recommended by such eminent authorities as Dr. Bartholow, of Jefferson Medical College; Prof. John King, author of the celebrated "Medical Dictionary"; Prof. John M. Scudder, late of Cincinnati; Dr. William Paine, author of Paine's Epitome of Medicine; Prof. Laurence Johnson, M. D., Medical Dept., University of N. Y.; Prof. Edwin M. Hale, M. D., Professor of Materia Medica in the Hahnemann Medical College, and wildcat root, publicly remedies for indigestion and dyspepsia, torpid liver as well as bronchial, throat and lung affections, as will be seen from reading a little booklet recently compiled by Dr. R. V. Pierce, of Buffalo, N. Y., who will send the same on request, by postal card or letter, to any address, free. This little booklet tells of what Dr. Pierce's celebrated medicines are made, and gives the properties and uses of each and every ingredient entering into their composition. Write Dr. Pierce, as above and receive it by return post.

Queen's root, or Stillingia, an ingredient entering into the Golden Medical Discovery, is highly recommended by several of the above mentioned authorities for the cure of chronic or lingering bronchial, throat and lung affections, public speakers sore throat attended with dryness, dry, rasping cough and kindred affections. Not only is Queen's root specific in its curative action in all these affections, but it is a powerful cathartic, every "it is greatly assisted by the combination with it of Golden Seal root, Stone root, Black Cherry bark and Bloodroot, with which it is blended in just the right proportion.

Sick women are invited to consult Dr. Pierce, by letter, free. Thereby they avoid the disagreeable questioning from which most women shrink as well as the still more repulsive examinations which are generally unnecessary. All letters of consultation are regarded as strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

How to preserve health and beauty is told in Dr. Pierce's Common Sense Medical Adviser. It is free. For a paper-covered copy send Dr. Pierce as above directed, 21 one-cent stamps to cover cost of mailing only; for cloth binding 31 stamps.

Dr. Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so help to cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

\$10,000 FOR PUBLIC BUILDING SITE

House Committee Report this Amount in Bill Presented This Afternoon

MEANS PUBLIC BUILDING

For Brainerd if Bill Passes Both Houses of Congress Means Much for this City

SPECIAL TO THE DISPATCH:

Washington, June 25, '06.—The public buildings bill as reported to the house this afternoon includes an appropriation of \$10,000 for Brainerd.

The above telegram indicates that Congressman Buckman has made good on his pledge to use his untiring efforts to secure an appropriation for a public building in this city. The chairman of the appropriation committee informed Congressman Buckman some time ago that the bill when presented to the house would carry an appropriation of \$7,500 for the purpose of buying a site, but Buckman was not satisfied with the amount and insisted that it be made \$10,000 and the dispatches indicate that he has been successful in getting that amount. Before the bill becomes a law it will have to be passed by both houses and no one can tell in what shape it will finally reach the president for his signature. It is quite probable that it will pass, however, as the committee weighs the importance of these measures before they are incorporated in the reported bill.

SLAUGHTER OF THE INNOCENTS

Staples "Don't Do a Thing" to Brainerd City Team Sunday Afternoon.

THE SCORE WAS TEN TO TWO

Brainerd Team was Clearly Outplayed at Every Point and Made Many Errors.

There is no use denying the fact that Staples outplayed Brainerd yesterday. While Staples did not play a game that should have netted them over four or five runs at the outside, by assists by our men they were handed ten scores. At the very outset Staples landed on Roderick for four runs and the stuff was off with him. Possibly with a different start the Brainerd players might not have gone to pieces, but when Jack Boyle makes errors and strikes out regularly it disheartens the fans. Jack Burns who played first made the feature play of the day, a running catch over against the west fence. What the boys here need is persistent practice, so they will not go to pieces at the critical stage of the game. That is the apparent fault with the team this year. They can play good ball when they are ahead, but they do not play enough, or for some other reason they fall down at the critical time. There is certainly plenty of good material, but the boys must steady down and deliver the goods if they expect the fans to stay by them either in the way of rooting or of attending the games. The score yesterday was ten to two, and it is unnecessary to prolong the agony by a detailed report of how it was done.

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommended it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. H. P. Dunn & Co. eoddw

LIFE WITH A CIRCUS.

How Men and Women Who Travel With a Show are Fed and Housed When on the Road.

The circus has come and gone and the small boy is left to debate the everlasting question, "are the joys of anticipation greater than those of realization." Everyone sees the outside of circus life, the glare of the horn and the glitter of the tinsel. But behind the canvass of the dressing room and the cook tents, it is different altogether. The brutality of the old days, when the horses had better care than the roustabouts has gone with the days of salt pork and beans and molasses diet in the lumber camp, but life with a circus is not a round of joy yet.

A representative of THE DISPATCH investigated quite extensively into the mode of keeping and caring for the men and women of the Gollmar show and found many interesting things in connection therewith. The men no longer sleep under the cages on the flat cars, but, with the exception of the elephant keepers, who have bunks with their charges, the men are provided with bunks in cars. Those provided for the working men are similar to the boarding cars provided for extra gangs on railroad work and the food furnished is about the same, being abundant in quantity and of good quality, but, of course, of limited variety. The working men are fed from the same kitchen as the performers, a canvass partition through the center of the dining tent separating the two. The performers have comfortable sleeping cars, one being a Pullman and the other a Wagner, that have become too antiquated in style to meet the demands of modern traffic.

The performers get to their cars about eleven o'clock every night and the workmen as a rule about midnight and get out about six o'clock. Gollmar Bros. at this point received a machine that will do away with one of the traditional sights of circus grounds every forenoon. The small boy has always watched with awe to see four husky roustabouts swinging their sledges in perfect time on the same stake. All this will be done away with. A baby pile driver mounted on a wagon and run by a gasoline engine will do the work of several crews of men.

For the laboring men the long hours and hard work, the necessity of being out in all kinds of weather, and the close association with all sorts of men, render the life distasteful to anyone not afflicted with the love of roaming, yet there is something about the life which makes a man once fairly initiated always anxious to return to it.

It is the same also with the "people" to use a show phrase. Once a showman, always a showman, is almost the unbroken rule. Occasionally a man or woman breaks away from the life and settles down, but it is seldom. When spring comes the natural and hereditary desire to move, which the American housewife betrays in housecleaning, leads the showman or woman to throw up a good job to take a harder and less profitable one on the road, even though taking life in hand at every performance.

With Gollmar are two men who have diplomas as doctors of medicine, but the love for the life keeps them with the show.

HAD TO BE TOWED IN

The Horseman Jubilating Over the Misfortune of Brainerd Automobilist Saturday Evening

Horsemen and lovers of that faithful quadruped are chuckling over a misfortune that overtook one of our automobilists Saturday evening. Mr. Ritter had the bad luck to break the driving chain on his machine near the bridge on Kingwood street and after an exasperating delay was compelled to send for a dray team to haul the machine home. He soon got it repaired when he got home and it is all right again, but the other fellows, who probably are a little envious, enjoyed the laugh on him.

CIRCUS HAND WAS DROWNED

Henry Hoyt, a Teamster, Drowned While Bathing in the Mississippi.

BODY NOT YET RECOVERED

Had Been With Show six Years and His Home was in Baraboo, Wisconsin.

The Mississippi river claimed another victim Saturday in one of the teamsters with Gollmar Brothers circus. With a number of his companions he was in bathing about twenty rods north of the railroad bridge. It is reported that a companion dared him to walk a log. He tried it and fell, and being unable to swim was at once swept away by the strong current.

Several different parties tried to recover the body by diving but were unable to do so. Burrell's launch was secured and an attempt made to recover the body by dragging with hooks and ropes but it was in vain.

Hoyt is said to have been a man about thirty-five years old. With the exception of last season he had been with the show for over six years and seemed to be a favorite with his employers and fellowworkmen. His home was in Baraboo, the headquarters of the show. Gollmar Bros. have offered a reward of \$25 for the recovery of the body.

THE END IS IN SIGHT

CONGRESS IS EXPECTED TO DISPOSE OF ALL BUSINESS THE PRESENT WEEK.

THE RAILROAD RATE BILL

ONLY MEASURE THAT NOW APPEARS LIKELY TO DELAY ADJOURNMENT.

Washington, June 25.—Senator Hale, who in the absence of Senator Allison is acting as chairman of the senate committee on appropriations, expresses confidence in the final adjournment of congress before the close of the present week. His programme will be to urge the consideration of appropriation bills and conference reports to the exclusion of practically all other matters, and with the supply bills finally passed there is no measure, unless it be the railroad rate bill, that can hold congress together. The Maine senator is of the opinion that work can be concluded by Friday, but says in no event will it go beyond Saturday.

The only two appropriation bills that have not passed the senate are the general deficiency bill and the omnibus public building bill, but the sundry civil, the naval and the agricultural bill are still in conference. Of these none is expected to require much time except the agricultural bill, to which is attached the meat inspection provision, and it is generally conceded that in case of necessity that measure could be disposed of in short order. It is not anticipated that the deficiency bill will arouse debate, but there will be a general scramble to secure recognition on the building bill. For this reason it will be held in reserve until the last minute.

As to the rate bill no one doubts that it will get through but no one is satisfied as to just how the commodity amendment prohibiting common carriers from transporting their own products will come out. If Senator Tillman adheres to his determination to insist upon the retention of the words "common carriers" instead of substituting the word "railroads," as is now proposed, there will be inevitable delay.

There will also be further discussion of the resolution calling on the attorney general for a statement of suits under the anti-trust laws and Senator

La Follette has given notice of his intention to prosecute his effort to secure the adoption of his resolution providing for the withdrawal of coal and oil lands from entry. Night sessions are probable toward the last of the week.

ANXIOUS FOR ADJOURNMENT.

House Members Want to Finish Work This Week.

Washington, June 25.—Every effort is to be made to finish the business of the session in the house of representatives this week. Contrary to the usual practice, the adjournment resolution is not to be introduced until the legislative business is in such shape that it cannot be blocked by the single handed opposition of any member of either body, and particularly the senate.

The last of the appropriation bills, the general deficiency, will be reported to the house early in the week and passed. This bill carries \$10,245,500, and before it becomes a law this amount will be increased very largely, as it is planned to add to it in conference a certain percentage of the appropriations to be authorized in the omnibus public building bill. This addition by the conferees will be authorized by a joint resolution, as has been done in the past. After the deficiency bill is out of the way, the immigration bill is to be considered under a special rule, which will limit the discussion to a few hours. Strong endeavors are to be made to amend this bill regarding the educational test and the increased head tax. The public building bill will follow the immigration bill.

Conference reports on pending appropriation bills and other measures, including pure food bills, will be brought in at all times and considered without delay.

The requirements of the work at present will make it possible, unless some unforeseen delay occurs, to finish by Friday.

DOUBLE TRAGEDY IN WISCONSIN.

Farmer Kills His Wife and Commits Suicide.

Fox Lake, Wis., June 25.—Rudolf Kollitz, a farmer, murdered his wife here by shooting her in the temple with a shotgun. He then blew out his brains with the same gun, tying a string to the trigger and pulling it with his foot. Kollitz married Mary Glassman less than a year ago, each being about thirty-five years old.

Four Persons Drowned.

Newport, Vt., June 25.—Through the overturning of a canoe on Lake Memphremagog, four persons were drowned. The victims were Fred S. Paquin, his wife and sister and George Daily. The cause of the upsetting of the canoe is not known.

DELEGATIONS RECEIVED.

King Haakon and Queen Maud Hold a Reception.

Trondhjem, Norway, June 25.—The plans for receiving the Norwegian-American delegations having been changed, King Haakon and Queen Maud received the several delegations combined at 2:45 o'clock p. m. The entire court was present. The pilgrims from the United States spent twenty-five minutes with the king and queen.

Dr. Daas of Chicago read an address congratulating King Haakon on his accession to the throne and expressing assurance of the affection of Norwegians in America for Norway. He then handed the king the address engrossed on parchment.

King Haakon thanked the delegations, saying he was fully aware of the value to Norway of the moral support of Norwegians in America.

P. G. Gade, Norway's vice consul at Chicago, then presented King Haakon with a portfolio, saying this greeting also was from America and particularly from Norwegian musicians, artists and poets there. Mr. Gade then presented Odin Renning of Milwaukee, composer of the coronation hymn. King Haakon shook hands with Mr. Renning and thanked him for his work.

Thousands of school children paraded before the palace at noon and were reviewed by King Haakon, Queen Maud and Crown Prince Olaf.

A state dinner and ball were given at night by the municipality of Trondhjem in honor of the king and queen and foreign princes.

Strike Ties Up Traffic.
